Accreditation

All units must be completed and approved to a “pass” grade. An external verifier will be appointed to assess the level of work presented and ensure that it meets with the required specification. There are two submission dates to the external verifier throughout the year which ensures that no pressure is exerted upon the student to complete, making this an enjoyable, relaxed learning experience.

Learning Support

On Line students have the option to attend a UK based session if so required at a nominal cost or revert to attendance based study dependant on availability. Chat groups are created with existing students to encourage interaction and offer peer support. Tutor email advice is available but we do encourage students to research and develop independence of their own inner tuition.

Continued Support

At BACH we appreciate that on first becoming a Practitioner you may need support and guidance. Therefore we suggest you consider becoming a member of the FHT. They will ensure that your knowledge is kept up to date with regard to legality, regulations on holistic therapies and any CPD courses you may be interested in attending.

Continued Learning

Post Graduate and Teacher Training courses are available for those who wish to continue with their education in the field of Crystal Therapy. We also hold regular Retreats in sacred Mountains to replenish energy and restore harmony.

Fees

Fees can be made in a one off payment or via 12 monthly Direct Debit payments (in advance of attendance) with no added interest. They include all registration, insurance, examination, assessment and verification costs.

To apply for a place on the course an initial deposit of £150 is required and monthly payments for UK course can commence at start of the course.
